*One of our experienced engineers will look at your boiler and central heating and provide you with a quote for potential repairs. If you're happy with the quote, our engineer will start the repair. If you decide not to go ahead, you'll only be charged for 60 minutes of the engineer's time.

Additional Information

- Invoices are digital (hard copies are available upon request) and will be sent alongside the work report explaining the service provided
- Payment must be made in full upon receipt of the invoice by credit or debit card using our chip and pin machines
- We do not surcharge for credit card payments
- Estimates are generally non-chargeable, but some may incur a charge depending on the nature of the work, time, and location.
- Materials are charged at trade prices plus a small mark-up
- Material collection for non-stock items is kept to a minimum and will not exceed 30 minutes of the current hourly rate for that trade
- EICR bookings are charged at a minimum of 5 electrical circuits and final costs will vary dependant on number of circuits at property
- Hive installations offer is based on 1 heating zone only. Extra zones chargeable
- Powerflushes include complimentary filter installation if not present on the system
